ANDREZA MACKOWIAK

WordPress Developer

Normal, IL • mackowiakandreza@gmail.com • 309-922-9191 • https://amacko27.github.io/Portfolio/

PROFESSIONAL SUMMARY

WordPress developer with 4+ years building responsive, accessible, high-performing websites. Comfortable and familiar with HTML5, CSS3, and JavaScript, with hands-on WordPress experience across page builders (Elementor, Divi, Gutenverse, Avada, Enfold), theme customization, plugin integration, and performance optimization. Skilled in on-page SEO and managing Google Business Profiles to help clients get found. Combines a strong design background (Adobe Creative Suite, UX, wireframing) with close collaboration alongside designers and project managers to ship polished, fast-loading work.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript/jQuery, responsive & mobile-first design, web accessibility (WCAG 2.1), cross-browser testing

CMS & Platforms: WordPress — page builders (Elementor, Divi, Gutenverse, Enfold), theme & plugin customization, ACF, Gutenberg, WooCommerce; Joomla; site maintenance & troubleshooting

Performance & SEO: Image compression, code minification, caching, page speed optimization (Core Web Vitals), on-page SEO (titles, meta, URL structure), Google Business Profile

Design & UX: Adobe Creative Suite (Photoshop, Illustrator, InDesign, Premiere, After Effects), UX design, wireframing, design systems

Media: Graphic design, video editing & production, photography

Languages: Portuguese (fluent), English (expert), Spanish (intermediate)

PROFESSIONAL EXPERIENCE

Associate WordPress Developer Aug 2024 – Jun 2026

SPARK Business Works | Remote

- Built and maintained responsive, user-friendly front-end interfaces using HTML, CSS, and JavaScript across 40+ client WordPress sites.
- Optimize site performance through image compression, code minification, and caching, improving load times.
- Apply on-page SEO fundamentals (page titles, meta descriptions, URL structure) to improve search rankings.
- Troubleshoot, debug, and resolve cross-site issues; keep WordPress core, themes, and plugins updated for security and performance.
- Partner with designers, project managers, and senior developers to translate client needs into shipped solutions.

Creative Media Specialist May 2022 – Jul 2024

Business Builders Marketing | Bloomington, IL

- Managed, updated, and maintained client websites on WordPress and Joomla, ensuring consistent uptime and content accuracy.
- Collaborated with the creative and account teams to concept ideas for internal clients and deliver on deadline.
- Produced front-end and creative assets that aligned web content with brand and campaign goals.

Graduate Assistant, Web Designer Jan 2021 – Dec 2022

Illinois State University | Normal, IL

- Designed and tested website interfaces alongside developer and communications teams, iterating to improve usability.
- Established design guidelines, standards, and best practices for university web properties.
- Communicated design concepts through user flows, process flows, site maps, and wireframes; updated sites on WordPress.
